

Leadership Course 2021

Invitation to apply

Over the course of 2020 we have been redesigning the Team Carlo Taekwondo Leadership Course and we are excited to launch in 2021. There are limited places available and we wanted to offer you the opportunity to apply.

The Leadership Course at a glance

The Leadership Course is a 12-month life skill learning program offered to select Junior Black Belt students.

We provide a multifaceted learning experience through onsite theory and practical training, online learning and on-the job training. This approach ensures our participants experience a consolidated and varied framework for their learning.

Accompanying this letter is a Leadership Team Role Description and Program Outline with further information.

The benefits of participating in the Leadership Course

Leadership Team members gain valuable life skills centred around presentation, communication and positive role modelling to younger students as well as being inducted into positive workplace culture.

Members will be able to enhance the interpersonal skills and vary their communication style through interactions with other Leadership Team members, their mentor, their managers and the students they will support in class.

These foundational leadership skills transfer to their everyday life at home and school, in their extra-curricular pursuits and their personal martial arts training. This goes hand-in-hand with their learning to date and further enhances their foundation for a strong and bright future.

An opportunity exists at the end of the program to be selected to progress into the Instructor Development Program, not offered to any other students.

Learning support offered to the Leadership Team during the course

We have developed a very clear and defined module learning process for the Leadership Team. The Management Team will continue to oversee the program supported by the Program Director, Sarah Tyrrell.

Through the provision of a Mentoring Program, team members will be supported by fully trained mentors who will act as a positive role model, coach, sounding board, voice of reason and a trusted resource.
